

# Aerial Asset Inspection

info.australia@applus.com  
[www.applus.com.au](http://www.applus.com.au)

**Remote Access Visual Inspection**  
Vessels & Tanks

## Send In The Robots

- Eliminates Confined Space Access Risks
- Accurate High Quality Inspection Data
- Reduced costs for access labour and reduced inspection program
- Interactive 3D model, digital twin and CAD outputs

**Internal Visual Inspection**

## External Visual Inspection

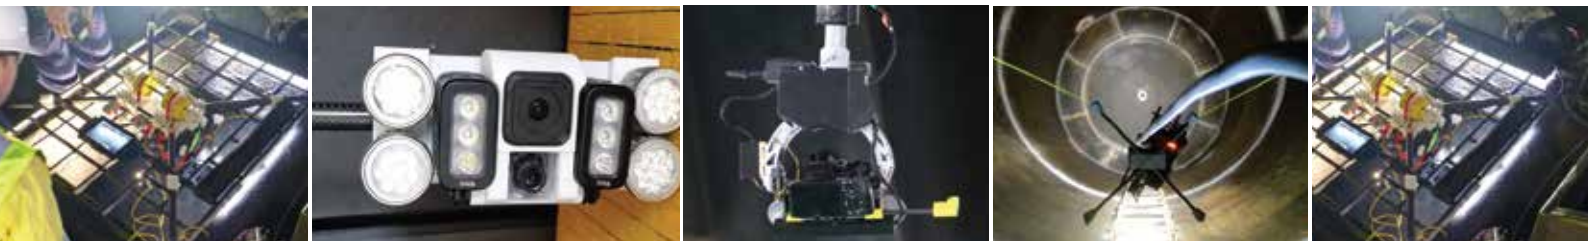

## Why Climb When You Can Fly

- Eliminates Working at Height Risks
- Creation of interactive 3D models for decommissioning or maintenance tender management
- Accurate High Resolution Imagery & Thermography
- Inspection of assets without shutdown

## Bespoke Technology Solutions

## Perfectly Fit For Purpose

- In House Custom Design & Construction
- 3D Printing, CNC Machining & Carbon Composites
- Latest Camera, Lighting & Battery Technology
- Designed Specifically To Suit Requirements of The Task
