

Drone Pilot Training

Applus + is one of the leading industrial, access and safety training companies in Scotland. The Applus + Training Centre in Grangemouth, Central Scotland, has one of the largest training schools in the UK. We are IRATA, IOSH and Quallsafe accredited and our experienced trainers bring a wealth of knowledge and experience to enhance the training experience for all delegates. Bespoke access training courses can also be provided with training being carried out at clients' sites when required. Contact us to discuss your training requirements and arrange and book your course. We provide access training, industrial safety training as well as many other courses • Work at Height Training • Confined Space access training • Rope Rescue Training • Fire Warden Training

THE Applus+ SOLUTION

This comprehensive course covers the essential knowledge required to safely operate RPAS. Instruction is provided by Air Traffic Control (ATC) professionals with comprehensive operational RPAS experience and is designed to facilitate a 'tailored' training approach.

The course will feature classroom based instruction alongside face-to-face practical guidance and examination

Target customers

In association with NATS (National Air Traffic Systems). The RPAS training is designed to enable novices and experts, as well as small and large businesses alike, to obtain Civil Aviation Authority (CAA) permissions or exemptions for commercial RPAS operations.

Key customer benefits

The course will feature classroom based instruction alongside face-to-face practical guidance and examination. Topics covered include:

- Aviation Law
- Meteorological Studies
- Navigation Studies (inc. practical application)
- The principles of flight
- RPAS best practices
- Human factors
- Operations Manual/Operating Safety Case (OSC) Completion
- Practical Assessment
- Multi-rotor/Fixed-wing

Successful course completion will involve:

- Passing the NATS RPAS theory examination
- Passing the NATS RPAS flying assessment
- Operations Manual/OSC review
