

Fire Warden

Applus + is one of the leading industrial, access and safety training companies in Scotland. The Applus + Training Centre in Grangemouth, Central Scotland, has one of the largest training schools in the UK. We are IRATA, IOSH and Quallsafe accredited and our experienced trainers bring a wealth of knowledge and experience to enhance the training experience for all delegates. Bespoke access training courses can also be provided with training being carried out at clients' sites when required. Contact us to discuss your training requirements and arrange and book your course. We provide access training, industrial safety training as well as many other courses • Work at Height Training • Confined Space access training • Rope Rescue Training • Fire Warden Training

THE Applus+ SOLUTION

Delegates will be aware of and understand legislation, statistics and the dangers of fire; the duties of employers and employees; fire risk assessments and the three steps of fire safety. They will also have training and practical experience in fire extinguisher operation.

Target customers

This Fire Warden course is designed for all supervisors/team leaders and those given designated responsibility to assist with the evacuation of staff in the event of a fire.

This half day course complies with the Regulatory reform (Fire Safety) order 2005 and with their real-life experience, our expert trainers will ensure that staff are qualified and confident with their duties as Fire Wardens with an enhanced level of Fire Safety Awareness.

Key customer benefits

Delegates will cover the following course content:

- Introduction
- Course aims and objectives
- The role of the Fire Warden (responsibilities)
- Legislation
- General fire safety and fire precautions
- The importance of fire escape routes and smoke travel
- Practical fire-fighting – (Practical Fire Extinguisher Training)
- Course debrief and any questions.
