

Ultrasonic Testing (UT) Level 2 Course

Our Ultrasonic Testing (UT) Level 2 Course has been developed to meet any user, Customer, or Prime/OEM requirements for the qualification of Ultrasonic Testing Level 2 personnel. This course combines lectures, audio/visual presentations, simulations and Instrument software, to bring the student into proficiency at the current technology level of Ultrasonic Testing Level 2.

THE Applus+ SOLUTION

Our UT Level 2 training course is designed utilizing information on the current technologies available and in use by the Ultrasonic Testing industry (Prime) specifications. This session offers a comprehensive understanding of the selection, application, and use of conventional ultrasonic testing equipment and procedures. Course materials presented and distributed will range from basic to advanced, the ultimate intent being an overall understanding for personnel qualifications in UT as a Level 2 technician.

Target customers

This course is ideal for individuals seeking Ultrasonic Testing Level 2 qualification.
