If you have already registered as an Applus+ Supplier but you have forgotten your password:

1. Click on the link “problems to access the system? Support

2. Fill in your username, name and surname, and your email address which you used to register to the Supplier’s Portal.

3. An automated email will then be sent to your email account with a new password of access.

Which are the minimum requirements to register in the Portal?

For the correct functioning of the application, it is highly recommended that the *applus.com address is added toddled to “trusted sites” in the browser’s toolbars. Depending on the version of the browser, there is a possibility that compatibility of Internet Explorer may also need to be activated.

If you have not managed to solve all of your doubts and queries, please contact the following e-mail address: proveedores.colombia@applus.com
