Development and inclusion programmes in place including widespread recognitions

Governance

Strong culture of compliance
Annual Corp. Governance road show by Non Executive Director

	Vision	2024 Targets
<p>Environment</p>	<p>Help the environment by improving both ours and our client's industries and mitigate the negative impact of climate change on our business</p>	<ul style="list-style-type: none"> ▪ 30% reduction of Scope 1 & 2 emissions vs 2019 ▪ Be scope 1 and 2 carbon neutral by 2023 ▪ Plan for net zero by 2050 under SBTi
<p>Social</p>	<p>To attract diverse, talented and committed people enabling them to reach full potential in a safe and contented workplace</p>	<ul style="list-style-type: none"> ▪ ≥ 40% appointments to top management and Group corporate services to be filled by women ▪ 10% reduction in Lost Time Injury Frequency
<p>Governance</p>	<p>To uphold our principles of good governance and to operate ethically, responsibly and with highest integrity which our stakeholders expect and deserve</p>	<ul style="list-style-type: none"> ▪ ≥ 90% Compliance with applicable CNMV (Spanish regulator) recommendations ▪ ≥ 98% professionals complete the training and sign up to the Code of Ethics

**ESG Targets included from 2022 to 2024 within the Management Long Term Incentive Plan (LTIP) at 10%
Plus
Annual progress Bonus Targets from 2022 at 15%**

Internal Impact

Limited negative environmental impact to carry-out the services provided related to offices, laboratories and transport to clients' facilities:

- Energy consumption
- GHG emissions
- Water consumption (IDIADA Division)
- Waste management

External Impact

Significant positive environmental impact resulting from the *services provided* by Applus+:

- Services which help customers to reduce environmental impact (reduce safety and environmental risks on assets, products and services of our clients. Our "**green services**" that is:

Those which make a substantial contribution to one environmental objective (which would be climate change – low carbon economy and consequently low CO2 emissions) and do not cause significant harm to the other environmental objectives.

Internal Impact

Controlling the causes of these within our activities

- Policies and environmental management systems which are extended to our supply chain
- Measuring data to get accurate figures which are annually audited. From 2019 including Scope 3 emissions (business trips, commuting and power distribution network)
- Reducing our energy use, GHG emissions and water consumption through specific actions, such as efficient lighting, mobility plans, electric vehicles and water recycling
- Deploying awareness campaigns to engage employees on sustainable practices in their day-to-day
- Decoupling our emissions from our productive activity
- Increasing the proportion of renewable energy we buy from renewable sources
- Targets linked to remuneration
- Plan for **net zero by 2050** under SBTi. Approval onto the programme has been received

External Impact

Adapting and extending our services to meet the needs of our clients for the challenges of climate change

- Measuring and increasing our “green services” revenues

Internal Impact

- SBTi joined in 2021 with target of net zero by 2050
- Energy intensity decreased by 2% from 2019 to 38.1 GJ/employee. Financial Times Europe Climate Leader 2022. Bank loan from Caixabank linked to reduction of emissions per employee targets
- Increased our electricity use from Renewables to 70% (2019 was zero)
- Scope 1 Emissions 8% lower; Scope 2 Emissions 60% lower - versus 2019
- Emissions intensity (Scope 1,2) per employee reduced by 26% from 2019 to 2.21 t CO2 eq
- Target for 2024 to reduce emissions (scopes 1,2) by 30% compared to 2019 and to offset all by 2023
- Extending Scope 3 emissions measured for second year
- Reducing our groundwater consumption by 13%
- Measurement of Waste (2,440 tons)
- Environmental Management System (ISO 14001) now for 54% of operations locations

External Impact

- Circa €300 million (17% total revenue) in 2021 from services to protect reduce/mitigate environmental impacts "green services"

Renewables, Automotive Emissions, Environmental Surveys, Energy Audits, Waste Management Surveys and innovation projects for Automotive eco-engines and lightweight Aerospace materials

As a service company, people are key to the company's growth, sustainability and development. Our people together with our innovation process provide solutions to give answers to our customers' business needs

We encourage local teams to implement specific social-action programmes in their local communities

People

- Talent management: Development plans for individuals and Global Management Development Programme
- Improve employee engagement
- Foster diversity and inclusiveness with equal opportunities: Diversity and Equality Policy to establish the principles and specific plans for women and people with different abilities and ethnic groups
- Provide a safe environment: Reinforce our best practices in occupational health and safety, training, sharing lessons learnt and increasing activities to raise awareness through the Group

Innovation

- Innovative solutions for our clients for more sustainable, safe and environmental-friendly products, assets or industry processes

Stakeholders' engagement

- Social action within local communities where we operate
- Suppliers' involvement through our approval processes

- 25,278 professionals distributed across 70 countries. Men and women with a broad diversity of nationalities, cultures, religions and ages
